

Product data sheet

2138-600

EAN-No. 4000896246311

Application:

Hammering in and extracting nails with only one tool

- Application at construction sites of various trades, e.g. carpentry, bricklaying or roofing companies
- Magnetic nail holder allows for work in places that can only be accessed with an outstretched arm or overhead
- Roughened track/roughened striking surface prevents the hammer from slipping when hammering in nails
- Handle made of easy-grip, non-slip plastic
- Steel tube handle
- Made in Germany
